Dietary and Other Information for Pilgrims Sponsors & Team Members

- While every effort will be made to assist with dietary needs, please note our voluntary kitchen coordinators can only serve the food offered by the conference centre. **If you have specific dietary needs, please highlight this with the Registrar, or bring food with you.**
- Although the Conference Centre does cater for strict medical diets, such as, **diabetes, true celiac, lactose intolerant, and vegetarian**, all meals served are prepared in a community kitchen according to industry guidelines. The chef will make an alternative meal only for those nominated medical diets for which he has received a request no less than one week before the commencement of the Walk to Emmaus.
- **It is not possible to provide options for other preferences, such as low carbs, high protein, no saturated fats, other life style choices, etc.** However you are able to make your own choices from the meals offered.
- If you are a diabetic or need to eat more frequently than at regular breaks, please collect an extra piece of fruit or two at the meal breaks to take back to the conference room with you. The kitchen coordinators are unable to be responsible for this.
- There will be a book stall operating which has materials that you may find helpful and interesting. Purchases may be made by cash or cheque. Unfortunately credit card facilities will not be available.
